## Hama quick charger 100 W

### More power for smartphones, laptops and more

Powerful, efficient and compact: the Hama 201997 quick charger delivering 100 Watts is a real power package. With two USB-C ports and one USB-A output, laptops, smartphones, tablets, power packs or even headsets can be charged quickly and gently.

The compact charging plug is based on gallium nitride as an efficient component material and supports Power Delivery technology (PD) at up to 100 Watts, Qualcomm Quick Charge up to 18 Watts and Programmable

Power Supply (PPS) at up to 5 A. An intelligent chip set protects against overload, overcurrent and short circuits, the charger is temperature-protected and adjusts the current precisely to the device being charged. This guarantees the highest efficiency, quality and safety in the charging cycle - and full charging power with an even longer battery life.

**Item No. 00201997** Fast Charger, 2x USB-C, 1x USB-A, 100 W

#### About Hama

Founded in 1923, Hama today accompanies people in all situations every day with around 18,000 accessory products.
