Hama "Spirit Calm" Bluetooth Headphones

### **For complete relaxation**

More and more people are turning to calm music or audio books when falling asleep or doing yoga. The Hama "Spirit Calm" Bluetooth headphones now help with this. So small and inconspicuous that they neither slip when

moving nor press on the side when lying down. The wireless mini earphones are so comfortable and lightweight that they don't get in the way even when worn for long periods - perfect for switching off completely. The runtime is four hours with fully charged earbuds and a further ten hours after recharging 2.5 times in the charging cradle. The LED display on

the charging case provides information about the battery status of the earphones. Furthermore, with an integrated microphone, touch control and the Siri and Google Assistant voice assistants, the "Spirit Calm" fulfils all the requirements of modern in-ear headphones.
